

THE TOBY CENTER FOR FAMILY TRANSITIONS

The Toby Center provides a unique array of services to assist families when going through marital change. We offer services to families going through separation, divorce and child custody. We can provide a comfortable safe environment for:

- Family mediation
- Supervised visitation
- State required parenting courses
- Counseling
- Workshops
- Professional Development

The Toby Center was founded in 2008. Our philosophy is based on the research of its founder, Dr. Mark Roseman, family mediator and high conflict specialist. Toby Center firmly believes that when children properly adjust to the trauma of separation or conflict between their parents, they are more likely to experience a better quality of life.
